See General Statutes of 1897, volume 1, chapter 17, pages 185, 186; also Session Laws of 1879, page 325.

SECTION 1. The State Historical Society, heretofore organized under the incorporation laws of the state, shall be the trustee of the state, and as such shall faithfully expend and apply all money received from the state to the uses and purposes directed by law, and shall hold all its present and future collections and property for the state, and shall not sell, mortgage, transfer or dispose of in any manner or remove from the capital any article thereof, or part of the same, without authority of law; provided, this shall not prevent the sale or exchange of any duplicates that the Society may have or obtain. There shall continue to be a Board of Directors of said Society, to consist of as many members as the Society shall determine, and who shall have the same powers as the present Board of Directors.

SEC. 2. It shall be the duty of the Society to collect books, maps and other papers and materials illustrative of the history of Kansas in particular, and the West generally; to procure from the early pioneers narratives of events relative to the early settlement of Kansas, and to the early explorations, Indian occupancy and overland travel in the territory and the West; to procure facts and statements relative to the history and conduct of our Indian tribes, and to gather all information calculated to exhibit faithfully the antiquities and the past and present condition, resources and progress of the state; to purchase books to supply deficiencies in the various departments of its collections, and to procure by gift and exchange such scientific and historical reports of the legislatures of other states, of railroads, reports of geological and other scientific surveys, and such other books, maps, charts and materials as will facilitate the investigation of historical, scientific, social, educational and literary subjects, and to cause the same to be properly bound; to catalogue the collections of said Society for the more convenient reference of all persons who may have occasion to consult the same; to biennially prepare for publication a report of its collections, and such other matters relating to its transactions as may be useful to the public; and to keep its collections arranged in suitable and convenient rooms, to be provided and furnished by the secretary of state, as the Board of Directors shall determine; the rooms of the Society to be open at all reasonable hours on business days for the reception of the citizens of this state who may wish to visit the same, without fee; provided, that no expenditure shall be made under this act or expense incurred except in pursuance of specific appropriations therefor, and no officer of said Society shall pledge the credit of the state in excess of such appropriation.

SEC. 3. The Board of Directors shall keep a correct account of the expenditure of all money which may be appropriated in aid of the Society, and report biennially to the governor a detailed statement of such expenditure. To enable the Society to augment its collections by effecting exchanges with other societies and institutions, sixty bound copies each of the several publications of the state, and of its societies and institutions, except the reports of the supreme court, shall be and the same are hereby donated to said Society as they shall be issued—the same to be delivered to the Society by the secretary of state or other officer having custody of the same—to include also for deposit in its collections one set of all the publications of the state heretofore issued, not excepting the supreme court reports. The Society shall not expend its resources in procuring duplicates of such publications as may be in the state library.

SEC. 4. This act shall take effect and be in force from and after its publication in the *Topeka Daily Commonwealth*.

Approved March 10, 1879.

ELEVENTH BIENNIAL REPORT.

The Board of Directors of the Kansas State Historical Society, in presenting the eleventh biennial report, congratulates the Society on its continued prosperity. The report shows the work of the Society during two years, from November 1, 1896, to November 1, 1898. In some respects the growth of the library and collections has exceeded that of any two years in the preceding history of the Society; and that, too, notwithstanding unusual embarrassments.

YEARLY GROWTH OF THE LIBRARY.

The following statement shows the yearly growth of the library during the twenty-three years from 1876 to 1898, inclusive:

Totals.....	21,027	20,881	60,417	102,325

During the two years there have been added to the library 2689 volumes of books; 5486 unbound volumes and pamphlets; 2615 volumes of newspapers and periodicals; 697 single newspapers containing matter of historical interest; 110 maps, atlases, and charts;

255 manuscripts ; 382 pictures and other works of art ; 31 pieces of scrip, currency, and coin ; 391 relics and miscellaneous contributions ; 9 war relics. Thus to the library proper, of books, pamphlets, newspapers and periodicals during the two years have been added 10,790 volumes. Of these, 10,337 have been procured by gift and exchange, and 453 by purchase.

Of newspapers and other periodicals now being published in Kansas, our list shows 781 in all : 51 dailies, 622 weeklies, 83 monthlies, 10 quarterlies, 6 semimonthlies, 3 semiweeklies, 1 bimonthly, and 5 occasional. The regular issues of all these, with scarcely an exception, are being given the Society by the publishers, and are bound in annual or semiannual volumes.

BOOK-PURCHASE LIMITATION.

The last legislature placed a limit upon the character of the books to be purchased by our Society. The item of appropriation for the purchase of books is in these words : "For the purchase of books, exclusively relating to the history of Kansas, \$500"; this for each of the two fiscal years. The language of the clause "exclusively relating to the history of Kansas" is capable of two constructions. In its meaning, it might, on the one hand, be construed to intend to restrict the Society to the purchase solely of books written as histories of Kansas, or of some parts of Kansas, and so entitled, and to books written about Kansas in some respect and containing matter in some sense of a historical character. On the other hand, the clause might be considered to intend only to restrict the Society to the purchase of books containing matter having relation directly or remotely to the history of Kansas—all such books as may be useful to the people of Kansas in studying the history of the state in all respects; in the study of its antiquities, the sources from which its people and their customs and institutions sprung, and to the circumstances and conditions which have had a bearing upon the founding, settlement, growth and development of the state in every way.

In respect to the former class of books—books written as histories of Kansas, or of some parts of Kansas—such books are donated to the library, not purchased. All the older books of this class were long ago gathered into the library, either by gift or purchase. Those of more recent date—those written and published since the organization of our Society—have all come in by gift. The authors of these have largely found in our library the materials of the histories which they have written. They have in return given their books to the Society, with pleasure and with gratitude. Indeed, everything written and published by Kansas writers and authors, whether it be about Kansas or otherwise, is freely given the Society. There is little need of

the appropriation of money by the legislature for the purchase of such books. Practically, then, taking the former construction of the limiting clause in the appropriation bill as the intention of the legislature, little of the appropriation could be expended for the purchase of books. The Board of Directors has adopted the other construction, and, guided by it, has aimed to comply with the will of the legislature. Books containing matter relating to the history of Kansas are to be found in every class. Such are books of history of the United States; books relating to the slavery agitation of the country; books relating to the history of the war of the rebellion, and such as relate to the history of the development of the country in all respects—political, social, educational, and scientific. It cannot be considered that it was the intention of the legislature of 1897, by the few limiting words in the appropriation bill, to wholly repeal the provisions of the law of 1879, which makes it the duty of the Society to make up a library of general reference upon all subjects. It is more reasonable to consider that the legislature intended to caution the Society, under the apprehension, or misapprehension, perhaps, that, under the law of 1879, the Society had too far broadened out the scope of its work. The Society has in good faith accepted the caution.

BOOK ACCESSIONS BY GIFT.

The kinds of books which shall make up the library of the Society does not much depend upon purchases. Much the larger part of the library has been made up by gift and exchanges. Of the 10,833 books, pamphlets and newspaper volumes here reported as having been added to the library during the last two years, 453 have been purchased and 10,380 have come in by gift and exchange. The founders of the Society begun the library by gifts of their own and by soliciting gifts. The law governing the Society makes it our duty to procure by gift. It also gives the Society, for the object of augmenting its library through exchanges with other societies and institutions, sixty bound copies of all the publications of the state and of its institutions, save two. The supreme court reports and the session laws are alone excepted. The libraries of all the older historical societies of the country have been wholly made up by gift; of gifts either of the books themselves or of purchases from funds given by members and others for that object. It was left for the people of our newer Western states to inaugurate the plan of historical societies maintained in part by public funds. And that has been found to be the better way. The best state historical society library in the country is that of Wisconsin; the second best is that of Kansas. The state pays for the work and gives housing; gives also a small appropriation for books. The Society

buys, solicits, receives, acknowledges, arranges, places, catalogues, and makes accessible to the public.

Of the accessions by gift here reported as having been made during the past two years, in the first place the newspaper publishers of the state have given 1565 volumes of files of their papers. Of the gifts besides, that from the library left by our late lamented Vice-President, Maj. James B. Abbott, is the most noteworthy. The gift, consisting of 358 books and 196 pamphlets, was made during the past year by his widow, Mrs. Elizabeth Watrous Abbott in accordance with his expressed desire. The books are chiefly of history, science, philosophy, sociology, and literature. Major Abbott, though one of the most modest and unassuming of men, was a learned thinker, alive in thought and action to all measures of human progress. He was a lover of his fellow men, and in sympathy with every movement for their advancement, and his library reflects his character. Among the earliest of Kansas pioneers, he entered with his whole heart into the work of making Kansas free, and of thus adding to the area of human freedom in the country, and lessening that of human bondage. Of that work, none did more than he, none displayed greater courage, none made greater sacrifices. He long lived to witness the growth of the state upon the foundation which he so well helped to lay. He helped to frame the laws and to found the institutions of the state. He was one of the most useful members of our State Historical Society. The gift of his library was a most natural final manifestation of his love for the people of the great state of which he had been among the most useful of its citizens. It is impossible for the Society to suitably manifest its gratitude and appreciation. Mrs. Abbott, his sympathizing helpmate in all his Kansas life, with most generous zeal, not only placed their library of books in our keeping, together with the cases in which they had been kept in their home, but also put with them a large number of pictures and maps, many of them of great interest. In the gift is also a case of relics of history, objects of science, coins, medals, and family keepsakes and curios. These museum objects, interesting in themselves, with an added interest coupled with the names of the donors, will ever remain among the most attractive collective gifts which the Society can possess. These are shown in our lists of pictures; scrip, coins, and medals; maps, charts, and atlases; and miscellaneous contributions and relics.

The gift of 128 volumes of books made by Mrs. Ellen J. Tingley, of Greencastle, Ind., from the library of her husband, the late Dr. Joseph Tingley, of Campbell University, Holton, Kan., is the next largest addition of books by gift. Professor Tingley, a veteran instructor, had gathered into his library a rare collection of books of

science, education, philosophy, and history. Of these classes are the books we have received. Mrs. Tingley, herself deeply interested in Kansas institutions, was prompted in her act of giving by the interest of her friend, Prof. Frank S. Ditto, of Du Pauw University, Greencastle, himself from childhood a resident of Kansas and a graduate of our own Washburn College.

Our lists of donors of books and pamphlets show noteworthy gifts made by Prof. W. D. Alexander, of Honolulu, Hawaii; the late Rev. C. D. Bradley, of Brookline, Mass.; Hon. F. D. Coburn, of Topeka; Grant W. Harrington, of Hiawatha; the Indian Rights Association, of Philadelphia: the government of Mexico, through its secretary of the interior: the Minnesota Historical Society, Minneapolis; Hon. Geo. T. Pierce, Osawatomie; Frederick D. Richards, historian of the Mormon church, Salt Lake City; Mrs. M. Weightman, Topeka; the Wisconsin Historical Society; Prof. Frank S. Ditto, of Du Pauw University; Dr. S. G. Stewart, of Topeka. These names are those of but a few of the hundreds of thoughtful contributors.

We might go back over the history of the building up of our library, recalling many instances of large gifts showing the real sources of its growth. This has been mainly due to the affectionate pride and interest of those who have helped to make Kansas, and to found and foster its best institutions. A policy which would dwarf the scope of the library, and discourage givers, cannot certainly be the will of the people of Kansas.

ACCESSIONS FROM EXCHANGES.

There has been a persistent effort on the part of the Society to make the best possible use of the Kansas state publications given by law for use in exchanges. This has been one of the principal sources of the growth of the library. Thus have been brought in the reports and published volumes of other historical societies and of the numerous other institutions throughout the country engaged in promoting sociological, philanthropic, educational and scientific pursuits and investigations of every description. Through this means the library has become a very full one of reference upon all subjects of current interest among the people.

"LAWRENCE REPUBLICAN" FILES.

A rare occasion for the purchase of Kansas historical materials occurred during the past year in securing, at a cost of seventy-five dollars, a collection of early Kansas newspapers, preserved by the late W. I. R. Blackman, of Lawrence. The collection embraces twenty-eight volumes, the most important of which are files of the *Lawrence Republican* of the years 1857 to 1862, inclusive. This paper was

edited by the late T. Dwight Thacher, and covers a period of Kansas history in no other way so fully and faithfully recorded. Mr. Thacher, so long one of the most zealous and useful members of our Society, greatly desired that this collection should be brought into our library, but the family of Mr. Blackman tenaciously held it until by good fortune it has been secured as stated.

MANUSCRIPT ACCESSIONS.

Our accessions of manuscripts have been unusually large and valuable. The gift by Mrs. Elizabeth W. Abbott of the manuscript account-books of her husband, the late Maj. Jas. B. Abbott, is of especial interest. They show his pioneer business transactions, the business of the Shawnee Indian agency for many years during his term as Indian agent, and some of the books of his predecessors; they show the business of the De Soto Town Company, and of many other enterprises in which he was engaged as one of the founders of the state. The gift includes many papers showing Major Abbott's membership and work in connection with many societies and institutions. Hon. Orville C. Brown, of Adams, N. Y., has added to the large number of manuscripts formerly given by him. William E. Connelley, of Beatrice, Neb., has contributed a biographical sketch of the late Hon. Abelard Guthrie, of Wyandotte county, together with copies of seven manuscript books containing the diaries kept by Mr. Guthrie between the years 1848 and 1865, containing much information put on record by a very active, industrious and enterprising early pioneer; also sketches of Russell Garrett, Gov. William Walker, Isaiah Walker, and others; also numerous letters, copies of diaries kept by members of the Wyandotte Indian nation, and other important historical papers. Prof. John B. Dunbar, of Bloomfield, N. J., has given a manuscript copy of the journal of the expedition of M. de Bourgmont from Fort Orleans, in Missouri, to the Padoucas or Comanche Indians, on the plains towards the sources of the Kansas river, June to November, 1724. Hon. William Hutchinson, of Washington, D. C., has contributed a manuscript history of the investigation of claims for losses during the troubles in Kansas in 1855 and 1856, together with an account of the efforts made to procure their payment by congress. Hon. John Martin, of Topeka, has given interesting papers written by W. D. Jennerson, relating to a raid made by a band of Quantrill's men along the Santa Fe trail in 1863. Capt. H. E. Palmer, of Omaha, has contributed interesting papers relating to services rendered by the Eleventh Kansas cavalry in the war of the rebellion. Mrs. W. C. Webb has given a large number of manuscript papers of her husband, the late Hon. W. C. Webb, of Topeka.

PICTURES.

Our list of pictures shows interesting accessions. The largest single donation of these has been that made by Mrs. Elizabeth W. Abbott from the collection of herself and husband, the late Maj. James B. Abbott. William E. Connelley, has contributed five pictures of persons among the earliest residents of pre-territorial Kansas, chiefly of Wyandotte county, including a portrait of Gov. William Walker, the first provisional governor of Kansas, 1853. A fine crayon of Col. William F. Cloud, given by the Second Kansas Regimental Association at their meeting in connection with the annual soldiers' reunion, September, 1898, is worthy of special mention. E. S. Tucker, of Lawrence, has given a fine collection of photos, principally of Governor and Mrs. Chas. Robinson (taken at different periods) and of their friends. The gift of an excellent oil-painted and elegantly framed portrait of the late Hon. Alfred Gray, by Mrs. J. C. Wolfe, of Kansas City, is especially noteworthy.

RELIC OF FRENCH OCCUPATION.

Through the courtesy of F. L. Gaines, superintendent of the new Melan arch bridge, there was brought into our collections an antiquarian relic, consisting of an oar, twelve feet in length, evidently employed as a steering oar in the navigation of the Kansas river by pirogues, in the trapping and trading period of the French or Spanish occupancy. It was found imbedded at a depth of twelve or fifteen feet in the island which existed midway of the old bridge, and which was removed during the construction of the new bridge. The date "1794" is carved on the oar. It was given the Society, at the suggestion of Mr. Gaines, by Herbert G. Titt, who found it.

WILDER BUST.

At the last annual meeting a bronze bust of Hon. D. W. Wilder, one of the distinguished founders of this Society was presented to the Society by Hon. Eugene F. Ware, a very appropriate and interesting addition to our collection. Mr. Ware accompanied the gift with the following note:

I retain my proprietary interest in the bust until it can be determined whether or not the state will give the Society proper rooms and necessary facilities in the state-house. If not, I will remove the bust elsewhere.

This note is highly indicative of a sentiment which must prevail more or less among the citizens of the state who are interested in building up the Historical Society. No doubt there is a feeling among such that there has been neglect on the part of the state to adequately provide for the proper housing and display of the collections of the Society. On motion of Hon. Samuel A. Kingman, a reso-

lution was adopted highly expressive of the Society's appreciation of the gift of this bust.

PORTRAITS AND BIOGRAPHIES.

In pursuance of a resolution adopted at the last annual meeting, there have been collected a large number of biographical sketches and portraits of the present and former members of the Board of Directors of the Society. They are shown in this report under the names of the contributors, in the lists of manuscripts and pictures.

UNION OF LIBRARIES.

Hon. Geo. W. Martin, at the last annual meeting, moved a resolution expressive of the judgment of the Society that all controversy with the state library concerning the combination of its miscellaneous department with the library of the State Historical Society should end. The resolution was unanimously adopted. Thus, after a long and unprofitable contention, in the belief on the part of the Society that it would be better for the state that it should maintain in the state-house but one historical and miscellaneous library, it has been determined by the Society to cease the contention.

ROOMS FOR THE SOCIETY.

The embarrassments caused by reason of the scant and unsuitable rooms for the Society still continue. The state executive council has deemed it necessary to expend the scant funds given by the legislature towards the completion of the state-house upon other portions of the building, but we now have reason to hope that within the next few months the basement and first story of the east wing will be fitted up for the use of the Society, in accordance with the terms of concurrent resolution No. 22, adopted by the legislature of 1895. The resolution is in the following words :

Relating to rooms for the State Historical Society.

Be it resolved by the House of Representatives of the state of Kansas, the Senate concurring therein: That in the plans for the completion of the capitol building and its occupancy when completed, the rooms of the two floors of the east wing below the senate chamber, or so much of the space thereof as may be necessary, be assigned and prepared for the use of the State Historical Society for its library and museum; and that it shall be the duty of the state executive council to instruct the board of public works and state architect to make such changes in the rooms mentioned as may be necessary to carry out the purpose of this resolution.

Meantime the work of the Society is seriously hampered by reason of the very crowded condition of our rooms, our shelves, and the numberless nooks and corners in which our collections are necessarily placed, adding largely to the labor of keeping the library accessible, so as to meet the demands of the constantly increasing number of inquirers for information.

REDUCTION OF APPROPRIATIONS.

In the midst of this embarrassment, the legislature a year ago cut off one-fifth of the Secretary's salary, and reduced the appropriations for clerk hire to little more than two-thirds the usual sum.

DEATH OF PRESIDENT KELLEY.

Since the publication of our tenth biennial report, the Society has been deprived of a President, by death. At the annual meeting two years ago, Hon. Harrison Kelley was chosen President for the term of one year, to end January, 1898. He died after a lingering illness, at his home in Burlington, July 24, 1897. General Kelley was a distinguished citizen of Kansas. He had served in important local positions in his county, as a state senator, and as a member of congress, and he was, at the time of his death, president of the board of regents of the state agricultural college. In his death the Society and the state suffered an irreparable loss. It devolved upon the Executive Committee of the Society to fill the vacancy caused by the death of President Kelley. The committee tendered the appointment to Dr. Peter McVicar, but Doctor McVicar, owing to ill health, declined to accept the office. The committee then unanimously appointed Hon. John Speer, for the unexpired term. At the annual meeting, January 18 last, Mr. Speer was elected President for the term to expire at the annual meeting January 17 next.

The Committee on Nominations then made its report. The re-

port was adopted. Honorary and corresponding members were then nominated. Judge Guthrie reported for the committee on the memorial of Governor Robinson, and upon his motion Professor Blackmar, of the state university, was appointed to prepare the memorial for publication in the Society's collections.

Mr. Woodward reported that the memorial on Hon. T. D. Thacher had been prepared by Doctor Cordley, and would be presented at the evening meeting of the Society, and that the memorial of Judge S. O. Thacher was being prepared by Mr. Stuart Henry.

Secretary Adams stated that Mr. L. F. Green, of Woden, Tex., had been chosen by Mrs. Abbott and the friends of Maj. J. B. Abbott to prepare a memorial on Major Abbott, and the paper had been received by the Society. The Secretary also stated that a memorial of Gov. Geo. T. Anthony had been prepared by Hon. P. I. Bonebrake, at the request of the committee, and had been printed by the family, and a copy furnished the Society.

On motion of F. C. Montgomery it was voted that the memorials prepared and on file, of Gov. George T. Anthony, Maj. James B. Abbott, and Hon. T. Dwight Thacher, be printed in the sixth volume of the Society's collections.

The Secretary then reported the following names of deceased members of the Board for whom memorials should be prepared, and on motion the Executive Committee was requested to obtain suitable memorialists: Gov. The Secretary then made a statement regarding a collection of manuscripts made by Mr. William E. Connelley, of Beatrice, Neb., relating to the Wyandotte and other tribes of Indians in Kansas, and to the earliest steps which had been taken towards opening Kansas territory to settlement. At the Secretary's request, Mr. Connelley had brought the manuscripts to Topeka in order that the Board of Directors at this meeting might take such action as might be thought best in reference to securing the manuscripts for the Society's use. Mr. Charles S. Gleed, who had seen the manuscripts, also made a statement testifying to their value.

The following resolution, offered by the Secretary, and seconded by Mr. Charles S. Gleed, was then adopted:

Resolved, That a committee of five, consisting of Senator Peffer, Professor Carruth, Professor Whittemore, President Speer, and Professor Blackmar, be appointed to examine the manuscripts of Mr. William E. Connelley, and report the results of their investigations to the Executive Committee, and that the Executive Committee be authorized to act.

Mr. Elliott then offered the following resolution, which was adopted:

WHEREAS, We deem that it will be a matter of interest to future residents of Kansas to be able to associate the faces of the Directors of this Society with their recorded names; therefore, be it

Resolved, That the Secretary of the Society be requested to solicit from each of the several persons who have served as Directors, a photograph, of such size and style as he may designate; and we hereby instruct the Secretary to procure a proper receptacle for said photographs, and place them therein, with suitable statements of the dates of service of each; and we further request the Secretary to obtain, if possible, from friends of deceased Directors, the photographs of those who have passed away.

On motion of Mr. Cowgill, the following resolutions were adopted:

WHEREAS, This Society has received from Hon. J. V. Brower, of St. Paul, Minn., a copy of his memoir of his investigations in Kansas concerning the pre-historic occupants of this region, and especially concerning the semi-historic Quivira, mentioned by the Spanish-explorers in 1541; and

WHEREAS, The developments made by Mr. Brower in his examinations in the central portion of the state have been of a unique and interesting character; and

WHEREAS, The information obtained by the author and recorded in the interesting memoir he has prepared leads us to believe that the subject of the earliest occupancy of Kansas has not by any means been thoroughly investigated; and

WHEREAS, The chief purpose of the existence of this Society is to secure and record the history of Kansas from its beginnings; therefore,

Resolved, That we do hereby appoint a committee, consisting of the Vice-President of the Society, Mr. Eugene F. Ware, the Treasurer, Mr. John Guthrie, and Mr. L. R. Elliott, who may in their discretion, and in the name of the Society, and under its auspices, arrange for the continuance of the investigations begun by Mr. Brower, and for the publication of the results thereof in a volume which shall be of a style creditable to this Society and to the state of Kansas, or in the regular series of volumes of the collections of the Society. And that we may avail ourselves of the valuable services and ripe knowledge of Mr. Brower, who also is a corresponding member of the Society, we hereby cordially invite him to act with the above-named committee. Also,

Resolved, That the committee herein named be requested to procure from Mr. Brower the use of the illustrative cuts and maps now in his possession, to the end that the new volume to be prepared may contain the important matter presented in the memoir this day dedicated to this Society, as well as all such additional information as the contemplated investigations of the committee may develop.

The following resolution, offered by Professor Carruth, was unanimously adopted:

Resolved, That this Society views with concern the absence throughout the state of adequate records of births and deaths, and advocates the enactment of measures requiring the keeping of such records; that a committee of five be appointed to draft a bill to this effect, and to advocate its adoption by the next legislature.

The committee was appointed by the President, consisting of H. L. Moore, John Guthrie, George W. Martin, W. H. Carruth, and L. R. Elliott.

The meeting then adjourned.

I retain my proprietary interest in the bust until it can be determined whether or not the state will give the Society proper rooms and necessary facilities in the state-house. If not, I will remove the bust elsewhere.

Judge Kingman offered the following resolution which was adopted on motion of President Speer:

Resolved, That hearty thanks be offered to Mr. Ware for his generous gift, valuable as a work of art, but precious to us as a perfect presentation of an early and tried friend and former President of the Historical Society and doubly prized as linking the name of the munificent donor with that of Mr. Wilder in a perpetual memorial of these two esteemed members of our Society.

Col. Alex. S. Johnson then presented a gavel obtained by Mr. E. P. Diehl, of Johnson county, and made from the wood of an English Golden Russet apple tree, which was planted by the Rev. Thomas Johnson, on the farm of the Shawnee Manual Labor School, Johnson county, Kansas, in 1837.

MEETING OF THE BOARD OF DIRECTORS—NOVEMBER 15, 1898.

The November meeting of the Board of Directors of the Kansas State Historical Society was held in the west rooms, November 15, 1898, to consider the eleventh biennial report.

In the absence of the President, Hon. John Speer, detained at his home through illness, Hon. Eugene F. Ware, First Vice-President, presided.

There were present the following members of the Board: Col. Horace L. Moore, Dr. Geo. Leis, Capt. John G. Haskell, Hon. J. S. Emery, Hon. Geo. W. Martin, Hon. John Guthrie, Hon. W. H. Barnes, Hon. F. P. Baker, Hon. William Sims, Dr. Peter McVicar, Prof. L. D. Whittemore, Hon. E. F. Ware, Harold T. Chase, L. R. Elliott, Miss Lucy D. Kingman, Hon. Fred Wellhouse, Fred O. Popenoe, Prof. E. B. Cowgill, Col. E. J. Dallas, Hon. F. D. Coburn, and Secretary F. G. Adams.

The Secretary read letters from the daughters of Hon. John Speer and Hon. V. J. Lane, stating the serious illness of their fathers, and expressing regret that they were unable to attend the meeting; a telephone message from A. B. Whiting mentioned that he would be necessarily absent on account of the celebration of his fortieth wedding anniversary.

A letter from Hon. D. W. Wilder was read, explaining the reasons for his absence. The letter also contained the following suggestion, the subject of which, on motion, was referred to a committee of three to be appointed by the President, for action at the January meeting of the Board:

I have a proposition to make: The Centennial managers at Philadelphia, about 1874, called upon states, counties and towns to signalize 1876 by publishing histories. A good response was made in the states, and especially in Kansas, with new county histories. I found time to compile the "Annals."

Now we are near the end of the century. I want our Society to father a movement for new local histories all over the state. The editors, all of whom are members of the society, are the men who will make the most numerous responses. But city councils and county commissioners will also take up the patriotic work. Mr. Frank Montgomery will complete the "Annals." The State Historical Society can greatly aid in the work.

The Secretary then read the eleventh biennial report, which, including the financial report of the Executive Committee, on motion of Judge Guthrie, was adopted and ordered to be printed.

Mr. Ware stated that urgent business compelled him to retire. He called Mr. Dallas to the chair.

Colonel Moore, from the committee on the subject of proposed legislation to secure the recording of vital statistics, stated that he had examined the laws of Eastern states on this subject, and had selected that of Massachusetts as most applicable to the needs of our state. He had

secured from Judge Guthrie the promise to draw up a bill, patterned after this law, to be submitted to the coming legislature. He thought the records of marriages as now preserved by the probate courts were adequate, and that the new law should have special reference to the preservation of records of births and deaths.

Judge Guthrie called the attention of the Board to the Society's lack of room. He also said that an effort should be made with the coming legislature to restore the appropriations in salaries and clerk hire which were reduced by the legislature of 1897. On his motion, the President was instructed to appoint a committee of seven to coöperate with the President and Secretary for the purpose of securing through the executive council the rooms accorded the Society by the legislative resolution of 1895. The President was also instructed to appoint a new Committee on Legislation.

Mr. L. Vernon Briggs, secretary of the Old Colony Commission, Boston, was elected an honorary member of the Society, by nomination of Secretary Adams.

Judge James S. Emery, on motion of Mr. Leis, was invited to prepare a paper of reminiscences relating to the early history of Kansas for filing among the manuscripts of the Society.

Mr. Cowgill spoke of the importance of securing the coöperation of local historical societies throughout the state, and suggested that this might be done by giving some officer or other member of such societies representation on the Board of Directors of the State Society. On motion, he was requested to formulate a resolution to that effect for presentation to the annual meeting of the Board.

The following resolution offered by Colonel Moore, at the suggestion of Doctor Gill, secretary of the State Board of Health, was then adopted :

Resolved, That, in the opinion of the Board of Directors of the State Historical Society, at its meeting, November 15, 1898, the vital statistics of the state, being of so great importance, should be carefully collected and preserved in such manner as shall secure them for future use; that the state health authorities, as now organized, should be strengthened, and collection of said vital statistics be facilitated by additional legislation.

On motion, the meeting adjourned.
